PLATE A · COLLECTION

The Alberta stool at counter and bar height, ebonised and natural, shot in the finishing room before the last coat of oil

PLATE B · DETAIL

Wedged through-tenon on the Hoyt bench, smoked oak

Every piece here is made to order from a single mill lot, so the figure runs consistently across a room set. **Wholesale is 45% of the recommended retail** and holds for the full delivery window; the three finishes are priced alike, and mixing them within a style still counts toward one minimum.

NATURAL
Hardwax oil, two coats. The mill colour, and what most of the room sets ship in.

SMOKED
Ammonia-fumed, then oiled. Warms toward walnut over the first year in daylight.

EBONISED
Iron-acetate reaction with the tannin in the oak. Matte, no pigment, no topcoat.
