

Operations diagnostic & 90-day fix plan

Prepared for Dana Whitfield, Staple & Oak

Prepared by Meridian Consulting

April 2025

The situation

Fulfillment errors have doubled in two quarters and weekly reporting takes your ops lead a full day. We will map the order-to-ship flow, quantify the three costliest bottlenecks, and implement fixes inside one quarter — without new headcount.

What you get

Process map

Documented order-to-ship flow with failure points scored

2 wks

Bottleneck report

Ranked fixes with estimated cost impact per month

3 wks

Implementation

Hands-on fix rollout with your team, weekly check-ins

7 wks
